Aryan Jagtap

Senior Associate UX Designer

Bengaluru, India | +91 84467 27005 | aryan.jagtap.inc@gmail.com
Portfolio: aryandesigns.online

SUMMARY

UX designer with 3+ years of experience across insurance and fintech, including internships. Promoted twice in 18 months at Digit Insurance. Own enterprise CRM and Motor insurance quoting experiences, translating complex workflows into clear user journeys. Combine research, interaction design, design systems and AI-assisted prototyping to move ideas into implementation.

PROFESSIONAL EXPERIENCE

Digit Insurance Bengaluru | Jan 2024 – Present

Senior Associate Designer (UX/UI) Jul 2025 – Present

- Lead end-to-end UX for an internal CRM, helping relationship managers access business insights and take action.
- Own Motor insurance quote-creation journeys for relationship managers and channel partners, balancing user needs, business requirements and technical constraints.
- Create reusable components and interaction patterns for the Digit Design System to support consistent, accessible product experiences.
- Build functional prototypes using Figma, Cursor and LLM-based tools to evaluate interactions and accelerate design iteration.

Awarded Digit Insurance's Wall of Awesomeness recognition | May 2026

UX Designer Jul 2024 – Jul 2025

- Designed and shipped insurance journeys from wireframes and prototypes through usability testing and engineering handoff, partnering with product managers and engineers.

UX Design Intern Jan 2024 – Jul 2024

- Supported insurance product design and standardized reusable design system components and patterns.

ReadyWealth | UX Design Intern Pune | May 2023 – Nov 2023

- Improved a progressive web app's usability and designed flows for investment calculators and financial products.

SELECTED PROJECTS

Professional projects: Project Prism and OJAS

- OJAS — Redesigned a reporting dashboard into an action-oriented workspace for relationship managers; project-reported power-user activity rose from ~30–50 to 100+ interactions per day.
- Connected opportunity discovery, campaigns, renewals and partner actions in OJAS, supporting adoption of 10+ business workflows reported in the project case study.

SKILLS AND TOOLS

Product and UX design: Enterprise UX, interaction design, information architecture, user flows, wireframing, UI design and interactive prototyping.

Research and delivery: User research, usability testing, journey mapping, design systems, reusable components, cross-functional collaboration and engineering handoff.

Design tools: Figma, Framer, Miro, Adobe Illustrator and Photoshop.

AI-assisted workflow: Figma Make, Claude, ChatGPT and Cursor for design exploration, rapid iteration and functional prototyping.

EDUCATION

MIT Institute of Design 2020 – 2024

Bachelor of Design (B.Des.) in User Experience
